The information set forth herein does not purport to be complete and is subject to change. This Presentation is qualified in its entirety by all of the information set forth in any such memorandum, including without limitation all of the cautionary statements set forth in the front of a memorandum and the "Risk Factors and Conflicts of Interest" section of any such memorandum. Actual returns on unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, legal and contractual restrictions on transfer that may limit liquidity, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the valuations used in the prior performance data contained herein are based. Accordingly, the actual realized returns on unrealized investments may differ materially from the returns indicated herein.

Statements contained in this Presentation that are not historical facts are based on current expectations, estimates, projections, opinions, and beliefs of the general partner of the Fund. Such statements involve known and unknown risks, uncertainties and other factors, and undue reliance should not be placed thereon.
