Any such offer or solicitation with respect to any security or fund discussed herein shall be made only pursuant to a confidential private placement memorandum relating to such security or fund, which describes risks related to an investment in such security or fund as well as other important information about such security or fund and its sponsor. The information set forth herein does not purport to be complete and is subject to change. This Presentation is qualified in its entirety by all of the information set forth in any such memorandum, including without limitation all of the cautionary statements set forth in the front of a memorandum and the "Risk Factors and Conflicts of Interest" section of any such memorandum. Any such memorandum must be read carefully in its entirety prior to making an investment. This Presentation does not constitute a part of any memorandum of any fund.

The information contained herein must be treated in a confidential manner and may not be reproduced, used or disclosed, in whole or in part, without the prior written consent of Evercore Group L.L.C. Past performance is not necessarily indicative of future results, and nothing herein is, or shall be relied on as, a promise or representation of future performance. There can be no assurance that any fund will achieve comparable results, that targeted returns, diversification or asset allocations will be met or that any fund will be able to implement its investment strategy and investment approach or achieve its investment objective. Actual returns on unrealized investments will depend on, among other factors, future operating results, the value of the assets and market conditions at the time of disposition, legal and contractual restrictions on transfer that may limit liquidity, any related transaction costs and the timing and manner of sale, all of which may differ from the assumptions and circumstances on which the valuations used in the prior performance data contained herein are based. Accordingly, the actual realized returns on unrealized investments may differ materially from the returns indicated herein.

Statements contained in this Presentation that are not historical facts are based on current expectations, estimates, projections, opinions, and beliefs of the general partner of the Fund. Such statements involve known and unknown risks, uncertainties and other factors, and undue reliance should not be placed thereon. In addition, this Presentation contains "forward-looking statements." Actual events or results or the actual performance may differ materially from those reflected or contemplated in such forward-looking statements.

Certain economic and market information contained herein has been obtained from published sources prepared by third parties and in certain cases has not been updated through the date hereof. While such sources are believed to be reliable, none of Evercore nor any of its affiliates have made any representation or warranty, express or implied, with respect to the fairness, correctness, accuracy, reasonableness or completeness of any of the information contained herein (including but not limited to information obtained from third parties unrelated to Evercore), and they expressly disclaim any responsibility or liability therefore. None of Evercore nor any of its affiliates have any responsibility to update any of the information provided in this summary document.
