Disclaimer

By accepting these materials, the recipient agrees to be bound by the following obligations and limitations.

Purpose. These materials have been prepared by UBS Securities LLC ("UBS") for the exclusive use of the party to whom UBS delivers these materials (together with its subsidiaries and affiliates, hereinafter the "Recipient").

Note: Insert correct UBS legal entity.

No independent verification. The information in these materials have been obtained from the Recipient and/or other publicly available sources and has not been independently verified by UBS Group AG and/or its subsidiaries, branches or affiliates (together, the "UBS Group") or any of their respective directors, officers, employees, agents, representatives or advisors (the "Representatives") or any other person.

No representation or warranty. No representation, warranty, or undertaking, either express or implied, is or will be given by UBS Group or its Representatives as to or in relation to the accuracy, completeness, reliability, or sufficiency of the information contained in these materials or as to the reasonableness of any assumption contained in these materials.

No liability. By accepting receipt of these materials, the Recipient acknowledges and agrees that to the maximum extent permitted by law and except in the case of fraud, each of UBS Group and its Representatives expressly disclaims any and all liability that may arise from these materials, or any other written or oral information provided in connection with these materials, and any errors contained therein and/or omissions therefrom, or from relying on or any use of the contents of these materials or otherwise in connection with these materials.

Forecasts. The valuations, projections, estimates, forecasts, targets, prospects, returns and/or opinions (including, without limitation, projections of revenue, expense, net income and stock performance) contained herein involve elements of subjective judgment and analysis. Any opinions expressed in these materials are subject to change without notice and may differ from or be contrary to opinions expressed by other business areas or groups of UBS Group as a result of using different assumptions and criteria. These materials may contain forward-looking statements. UBS Group gives no undertaking and is under no obligation to update these forward-looking statements for events or circumstances that occur subsequent to the date of these materials. Nothing contained herein is, or shall be relied upon as, a promise or representation as to the past or future, or that any of the estimates or projections contained herein will be achieved.

No duty to update. These materials speak as at the date hereof (unless an earlier date is otherwise indicated in these materials) and in furnishing these materials, no obligation is undertaken nor is any representation or undertaking given by UBS Group or its Representatives to provide the Recipient with additional information or to update, revise or reaffirm the information in these materials or to correct any inaccuracies therein which may become apparent.

Information only. These materials have been prepared solely for informational or educational purposes and do not suggest taking or refraining from any action. They do not constitute or contain an invitation, recommendation, solicitation, or an offer to buy or sell any securities or related financial instruments or any of the assets, business, or undertakings described herein, and they do not constitute, and should not be construed as, a proposal, a commitment or an offer to arrange, underwrite, syndicate or otherwise provide any financing or any other transaction.

No advice given. The Recipient should not construe the contents of these materials as legal, tax, accounting or investment advice or a recommendation. The Recipient should consult its own counsel, tax and financial advisors as to legal and related matters concerning any transaction described herein. These materials do not purport to be all-inclusive or to contain all of the information that the Recipient may require or request upon due diligence if it wishes to proceed further. By providing these materials, none of UBS or its Representatives has the responsibility or authority to provide or has provided investment advice to the Recipient in a fiduciary capacity or otherwise with regard to the matters contained herein. Options, derivative products and futures are not suitable for all investors, and trading in these instruments is considered risky. Past performance is not necessarily indicative of future results. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related financial instrument mentioned in this presentation. These materials do not express an opinion as to whether any Recipient should enter into any swap or swap trading strategy that has been described herein by UBS. UBS is not undertaking to act in the best interests of the Recipient or to act as the advisor to any Recipient that is a Special Entity as defined under Section 23.440(a) of the Commodity Exchange Act. No investment, divestment or other financial decisions or actions should be based on the information in these materials. These materials should not be viewed as an investment recommendation because it is provided as part of the general marketing and advertising activities of UBS.

No distribution. These materials have been prepared on a confidential basis solely for your use and benefit; provided that you and any of your employees, representatives, or other agents may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the transaction and all materials of any kind (including opinions or other tax analyses) that are provided to you relating to such tax treatment and tax structure. Distribution of these materials to any person other than you and those persons retained to advise you, who agree to maintain the confidentiality of these materials and be bound by the limitations outlined herein, is unauthorized. UBS Group and suppliers ("Content Providers") do not guarantee the accuracy, adequacy, completeness, timeliness, or availability of the content of these materials and are not responsible for any errors or omissions (negligent or otherwise), regardless of the cause, or for the results obtained from the use of such content in these materials. In no event shall Content Providers be liable for any damages, costs, expenses, legal fees, or losses (including lost income or lost profit and opportunity costs) in connection with any use of the content of these materials. A reference to a particular investment or security, a rating or any observation concerning an investment that is part of the content is not a recommendation to buy, sell or hold such investment or security, does not address the suitability of an investment or security and should not be relied on as investment advice.

Role of UBS. By accepting these materials, the Recipient acknowledges and agrees that UBS is acting, and will at all times act, as an independent contractor on an arm's length basis and is not acting, and will not act, in any other capacity, including in a fiduciary capacity, with respect to the Recipient. UBS may only be regarded by the Recipient as acting on Recipient's behalf as financial adviser or otherwise following the execution of appropriate documentation between us on mutually satisfactory terms.

Conflicts of Interest. UBS Group may from time to time, as principal or agent, be involved in a wide range of commercial banking and investment banking activities globally (including investment advisory, asset management, research, securities issuance, trading (customer and proprietary) and brokerage), have long or short positions in, or may trade or make a market in any securities, currencies, financial instruments or other assets underlying the transaction to which these materials relate. UBS Group's banking, trading and/or hedging activities may have an impact on the price of the underlying asset and may give rise to conflicting interests or duties. UBS Group may provide services to any member of the same group as the Recipient or any other entity or person (a "Third Party"), engage in any transaction (on its own account or otherwise) with respect to the Recipient or a Third Party, or act in relation to any matter for itself or any Third Party, notwithstanding that such services, transactions or actions may be adverse to the Recipient or any member of its group, and UBS Group may retain for its own benefit any related remuneration or profit.

Research. These materials may contain references to research produced by UBS Group. Research is produced for the benefit of the firm's investing clients. The primary objectives of each analyst in the research department are: to analyze the securities, companies, industries and countries they cover and forecast their financial and economic performance; as a result, to form opinions on the value and future behavior of securities issued by the companies they cover; and to convey that information to UBS Group's investing clients. Each issuer is covered by the Research Department at its sole discretion. The Research Department produces research independently of other business areas and groups of UBS Group.

UBS specifically prohibits the redistribution or reproduction of these materials in whole or in part without the prior written permission of UBS and UBS accepts no liability whatsoever for the actions of third parties in this respect.
